# Profile

At the beginning of the establishment, ATMI (Technical Academy of Industrial Manufacturing) Surakarta, as a vocational education institution was founded by the Society of Jesus. Initially it was run by the Jesuits from Switzerland.

In order to meet with global development and changing, at the beginning of 2012, the production workshop officially has been acknowledged become a limited company under name of PT ATMI SOLO.

PT ATMI SOLO is a manufacturing company that produces school and office furniture, laboratory furniture, workshop furniture, hospital furniture and special purpose machines.

As a professional company, PT ATMI SOLO persistently keeps continue to run the continuous improvement strategies, in order to increase the potential competitiveness of the company.

PT ATMI SOLO produces its products by using high quality material and doing the standard manufacturing processes, to ensure quality and durability of the products.
